3. POLICY STATEMENT

- The widening of access to higher education has remained a focus of the Department of Higher Education and Training (DHET) policy documents. The Higher Education Act requires that 'the admission policy of a public higher education institution must provide for the redress of past inequalities. One of the strategic objectives identified in the National Plan for Higher Education (NPHE) is 'to promote equity of access and outcomes and to redress past inequalities through ensuring that student and staff profiles reflect the demographic composition of South African society'. The NPHE also emphasises the need to ensure that representativity in enrolment leads to representativity in the graduate output. The widening of access will therefore only contribute meaningfully to redress if it is linked to success.
- The widening of access involves the development of realistic entry requirements and transparent and fair selection and placement mechanisms. It further involves intensive curriculum and staff development to ensure that the curricula are responsive to the learning needs of a diverse student intake and that they enhance retention and success rates.
- Both the WCCN Strategic Plan and The Academic Planning Framework speak to the issue of widening access. This policy is thus designed to provide general principles for the admission of undergraduate students and at the same time to indicate the importance of integrating the principles of admission with those of recruitment and access.
- The Western Cape College of Nursing is committed to the principle that regular admission of students will be granted to those who meet both the minimum entrance requirements as well as the additional requirements prescribed by WCCN for entry to a specific programme. As part of this regular admission process the institution may use standardised tests to gather information about prospective students and to assist with placement. In addition to the regular admission channel the Western Cape College of Nursing will explore and apply alternative admission processes to grant access to students who demonstrate the capacity to learn and to benefit from higher education studies. Admission through the alternative channel would typically be through the recognition of prior learning but might also include other mechanisms approved by Senate. The primary motive for alternative admission is to broaden access to the institution.
- This policy is intended for all staff members in the Admissions Department, as well as all administrative and academic staff at Campuses who are responsible for the admission and registration of students. It provides principles and guidelines for dealing with applications

and admitting students to the different programmes. It is also intended as a reference document for students and staff who are involved in the admission and registration processes.

- This policy is primarily intended to articulate the principles underlying the management of admissions at the Western Cape College of Nursing.
- It indicates the mechanisms which the institution should have in place for enrolment planning, selection, and placement of students. In addition, the Admission of Undergraduate Students policy indicates the supporting structures and services that Western Cape College of Nursing should establish to recruit students, process applications, and to admit, select and place students on particular programmes.

4. SCOPE

- This policy applies to the first admission of all full-time and part-time students to all formal undergraduate programmes of the Western Cape College of Nursing.
- It is designed to establish principles to promote the widening of access to the Western Cape College of Nursing.
- The policy applies to admissions through regular or alternative processes.
- The policy is not designed to engage with issues of re-admissions, admissions to postgraduate qualifications or admissions to non-formal courses.
- This policy stipulates that all admissions (including alternative admissions) must comply with principles of good admission practice such as, fairness, reliability, validity, sufficiency, currency and transparency.

5. OBJECTIVE(S)

- To ensure academic and professional standards in the design, approval, implementation and review of admission and registration strategies for the institution.
- To ensure uniform principles and practices for access and admission to the Western Cape College of Nursing.
- To promote accountability
- To align admission and access principles and practices with national legislation and requirements.

6. DEFINITIONS AND ACRONYMS

- **Admission** is the process whereby applicants who meet the requirements in terms of this policy are registered for a programme of study at the Western Cape College of Nursing.
- **Admission requirements** for a particular programme are those requirements additional to the statutory minimum requirements necessary for admission to a programme.
- **Application** is the formal process of making application for admission to one or more programmes of the Western Cape College of Nursing.
- **Minimum admission requirements** are the minimum levels of achievement required for access to degree, diploma or certificate programmes as prescribed by the Act.
- **Placement Testing** refers to a test or tests given to a prospective student to determine specific knowledge or proficiency in various subjects for the purpose of assignment to appropriate courses or classes.
- **Recruitment** is the process whereby employees of the Western Cape College of Nursing embark on efforts to attract prospective students.
- **Registration** is the process where applicants who have been offered a place at the Western Cape College of Nursing go through the formal procedure of enrolling for a particular programme.

7. POLICY PRINCIPLES/ PROCEDURE

7.1 Underlying Principles

- 7.1.1 Each Campus and learning programme should be able to demonstrate the setting and maintenance of academic and professional standards regarding the design, approval, implementation, and review of admission procedures for the programmes concerned.
- 7.1.2. All processes must conform to the requirements of national legislation and regulations for admission to higher education.
- 7.1.3 Each programme is required to put in place a set of admission requirements for the academic programme. These requirements must be approved by Senate and Council before publication.
- 7.1.4 Any changes to the admission requirements must be approved by senate before being applied or published.
- 7.1.5 Where applicable, additional admission requirements of CHE, SANC and DOH must be incorporated into the admission requirements and published together with these.
- 7.1.6 Where appropriate and justifiable, academic programmes may set additional admission requirements such as portfolios, aptitude tests, practical tests, personal interviews, and medical and physical tests.
- 7.1.7 Notwithstanding the above, all admissions policy and practice must be transparent and fair.
- 7.1.8 The College has the sole right to make the decision to admit an applicant to a particular programme. Where space permits, the College will not accommodate applicants who arrive at the beginning of an academic year or semester without having made previous application the position of the College is to discourage such late applications.
- 7.1.9 The College affirms its commitment to the principle of broadening access while at the same time enhancing success through support and development of students.

7.2 Enrolment Planning

- 7.2.1 The WCCN commits itself to conducting an annual enrolment planning exercise as part of academic planning with the aim of producing an enrolment plan. This enrolment plan must be aligned with the principles articulated in this policy as well as with the strategic plan and academic planning framework Provincial department of Health.

7.3 Admission of Undergraduate Students

Undergraduate students are deemed to be candidates registering for the Higher certificate in Nursing, Diploma in Nursing and the Bachelor's degree in nursing. Undergraduate students can be persons with a former qualification registered with the SANC or a candidate with a relevant Matric/Senior Certificate only.
